Stjernquist, M. 42, 15
Stray-Pedersen, B. 42, 73
Stronati, M. 42, 37

Ungerstedt, U. 42, 1

Välimäki, I. 42, 195

Ward, B.S. 42, 111

Wells, J.T. 42, 209

Westgren, M. 42, 1

Whitehead, M. 42, 141

Yüksel, B. 42, 97

Subject index

Volume 42 (1995)

Adenosine; Thermoregulation; Non-shivering thermogenesis (NST); Brown adipose tissue; Thyroid hormones; Prostaglandin 42, 169

Auditory evoked responses; Neurodevelopment; Auditory maturation; Premature infants; Child neurology 42, 49

Auditory maturation; Neurodevelopment; Premature infants; Child neurology; Auditory evoked responses 42, 49

Autonomic nervous system; Skin blood flow; Respiration; Newborn infant; Cardiovascular control; Laser Doppler; Power spectral analysis 42, 195

Baby nursing; Bottle feeding; Electromyograph; Development; Retardation of growth; Masticatory system 42, 185

Birth weight; Ovum donation; Genetic; Environment 42, 29

Blood-gas analysis; Umbilical pH 42, 67

Bottle feeding; Baby nursing; Electromyograph; Development; Retardation of growth; Masticatory system 42, 185

Brain freezing preservation; Posterior fontanelle sonography; Premature infant brain; Occipital lobe anatomy 42, 141

Brown adipose tissue; Thermoregulation; Non-shivering thermogenesis (NST); Thyroid hormones; Prostaglandin; Adenosine 42, 169

Cardiovascular control; Skin blood flow; Respiration; Newborn infant; Autonomic nervous system; Laser Doppler; Power spectral analysis 42, 195

Cerebral Doppler; Term; Metabolic acidosis; Resistance index 42, 155

Cerebral hemorrhage; Preterm infants; Intraventricular hemorrhage 42, 209

Child neurology; Neurodevelopment; Auditory maturation; Premature infants; Auditory evoked responses 42, 49

Chronic lung disease; Prematurity; Viruses 42, 97

Coagulase-negative staphylococcus; Septicaemia; Newborn infant 42, 235

Continuum of fetal and postnatal growth; Perinatal epidemiology 42, 111

Corticosteroids; Respiratory distress syndrome; Intracranial hemorrhage 42, 37

Cotinine; Fetus; Tobacco smoke exposure; Umbilical cord blood; Thiocyanate 42, 73

Development; Baby nursing; Bottle feeding; Electromyograph; Retardation of growth; Masticatory system 42, 185

Development; Infant; Very low birthweight; Questionnaire; Parent estimation 42, 131

Electromyograph; Baby nursing; Bottle feeding; Development; Retardation of growth; Masticatory system 42, 185

Embryo; Glucose-6-phosphatase; Fetal; Immunohistochemistry; Red blood cells 42, 85

Endothelin-1; Noradrenalin; Preeclampsia; Umbilical blood flow; Vascular smooth muscle 42, 15

Environment; Birth weight; Ovum donation; Genetic 42, 29

Essential fatty acid; Prematurity; Umbilical artery and vein wall; Prenatal growth 42, 241

Fetal; Glucose-6-phosphatase; Embryo; Immunohistochemistry; Red blood cells 42, 85

Fetus; Tobacco smoke exposure; Umbilical cord blood; Thiocyanate; Cotinine 42, 73

Genetic; Birth weight; Ovum donation; Environment 42, 29

Glucose; Small-for-gestational-age; Microdialysis; Neonates; Lactate; Glycerol 42, 1

Glucose-6-phosphatase; Fetal; Embryo; Immunohistochemistry; Red blood cells 42, 85

Glycerol; Small-for-gestational-age; Microdialysis; Neonates; Glucose; Lactate 42, 1

Immunohistochemistry; Glucose-6-phosphatase; Fetal; Embryo; Red blood cells 42, 85

Infant; Very low birthweight; Development; Questionnaire; Parent estimation 42, 131

Intracranial hemorrhage; Corticosteroids; Respiratory distress syndrome 42, 37

Intraventricular hemorrhage; Preterm infants; Cerebral hemorrhage 42, 209

Lactate; Small-for-gestational-age; Microdialysis; Neonates; Glucose; Glycerol 42, 1

Laser Doppler; Skin blood flow; Respiration; Newborn infant; Autonomic nervous system; Cardiovascular control; Power spectral analysis 42, 195

Masticatory system; Baby nursing; Bottle feeding; Electromyograph; Development; Retardation of growth 42, 185

Metabolic acidosis; Term; Cerebral Doppler; Resistance index 42, 155

Microdialysis; Small-for-gestational-age; Neonates; Glucose; Lactate; Glycerol 42, 1

Neonatal nutrition; Retinol; Vitamin A status 42, 123

Neonates; Small-for-gestational-age; Microdialysis; Glucose; Lactate; Glycerol 42, 1

Neurodevelopment; Auditory maturation; Premature infants; Child neurology; Auditory evoked responses 42, 49

Newborn infant; Coagulase-negative staphylococcus; Septicaemia 42, 235

Newborn infant; Skin blood flow; Respiration; Autonomic nervous system; Cardiovascular control; Laser Doppler; Power spectral analysis 42, 195

Non-shivering thermogenesis (NST); Thermoregulation; Brown adipose tissue; Thyroid hormones; Prostaglandin; Adenosine 42, 169

Noradrenalin; Endothelin-1; Preeclampsia; Umbilical blood flow; Vascular smooth muscle 42, 15

Occipital lobe anatomy; Posterior fontanelle sonography; Premature infant brain; Brain freezing preservation 42, 141

Ovum donation; Birth weight; Genetic; Environment 42, 29

Parent estimation; Infant; Very low birthweight; Development; Questionnaire 42, 131

Perinatal epidemiology; Continuum of fetal and postnatal growth 42, 111

Posterior fontanelle sonography; Premature infant brain; Brain freezing preservation; Occipital lobe anatomy 42, 141

Power spectral analysis; Skin blood flow; Respiration; Newborn infant; Autonomic nervous system; Cardiovascular control; Laser Doppler 42, 195

Preeclampsia; Endothelin-1; Noradrenalin; Umbilical blood flow; Vascular smooth muscle 42, 15

Premature infant brain; Posterior fontanelle sonography; Brain freezing preservation; Occipital lobe anatomy 42, 141

Premature infants; Neurodevelopment; Auditory maturation; Child neurology; Auditory evoked responses 42, 49

Prematurity; Chronic lung disease; Viruses 42, 97

Prematurity; Essential fatty acid; Umbilical artery and vein wall; Prenatal growth 42, 241

Prenatal growth; Essential fatty acid; Prematurity; Umbilical artery and vein wall 42, 241

Preterm infants; Intraventricular hemorrhage; Cerebral hemorrhage 42, 209

Prostaglandin; Thermoregulation; Non-shivering thermogenesis (NST); Brown adipose tissue; Thyroid hormones; Adenosine 42, 169

Questionnaire; Infant; Very low birthweight; Development; Parent estimation 42, 131

Red blood cells; Glucose-6-phosphatase; Fetal; Embryo; Immunohistochemistry 42, 85

Resistance index; Term; Metabolic acidosis; Cerebral Doppler 42, 155

Respiration; Skin blood flow; Newborn infant; Autonomic nervous system; Cardiovascular control; Laser Doppler; Power spectral analysis 42, 195

Respiratory distress syndrome; Corticosteroids; Intracranial hemorrhage 42, 37

Retardation of growth; Baby nursing; Bottle feeding; Electromyograph; Development; Masticatory system 42, 185

Retinol; Vitamin A status; Neonatal nutrition 42, 123

Septicaemia; Coagulase-negative staphylococcus; Newborn infant 42, 235

Skin blood flow; Respiration; Newborn infant; Autonomic nervous system; Cardiovascular control; Laser Doppler; Power spectral analysis 42, 195

Small-for-gestational-age; Microdialysis; Neonates; Glucose; Lactate; Glycerol 42, 1

Term; Metabolic acidosis; Cerebral Doppler; Resistance index 42, 155

Thermoregulation; Non-shivering thermogenesis (NST); Brown adipose tissue; Thyroid hormones; Prostaglandin; Adenosine 42, 169

Thiocyanate; Fetus; Tobacco smoke exposure; Umbilical cord blood; Cotinine 42, 73

Thyroid hormones; Thermoregulation; Non-shivering thermogenesis (NST); Brown adipose tissue; Prostaglandin; Adenosine 42, 169

Tobacco smoke exposure; Fetus; Umbilical cord blood; Thiocyanate; Cotinine 42, 73

Umbilical artery and vein wall; Essential fatty acid; Prematurity; Prenatal growth 42, 241

Umbilical blood flow; Endothelin-1;

Noradrenalin; Preeclampsia; Vascular smooth muscle 42, 15

Umbilical cord blood; Fetus; Tobacco smoke exposure; Thiocyanate; Cotinine 42, 73

Umbilical pH; Blood-gas analysis 42, 67

Vascular smooth muscle; Endothelin-1; Noradrenalin; Preeclampsia; Umbilical blood flow 42, 15

Very low birthweight; Infant; Development; Questionnaire; Parent estimation 42, 131

Viruses; Chronic lung disease; Prematurity 42, 97

Vitamin A status; Retinol; Neonatal nutrition 42, 123
